# JUPITER 700 SERIES FLUTES

BUILT FOR EFFORTLESS RESPONSE

JUPITER

JUPITER

For the beginning instrumentalist, learning on an instrument that's easy to play can make all the difference. Jupiter 700 Series flutes are specially designed for success and enjoyment from the very first note.

# THE GENESIS DESIGN EMBOUCHURE

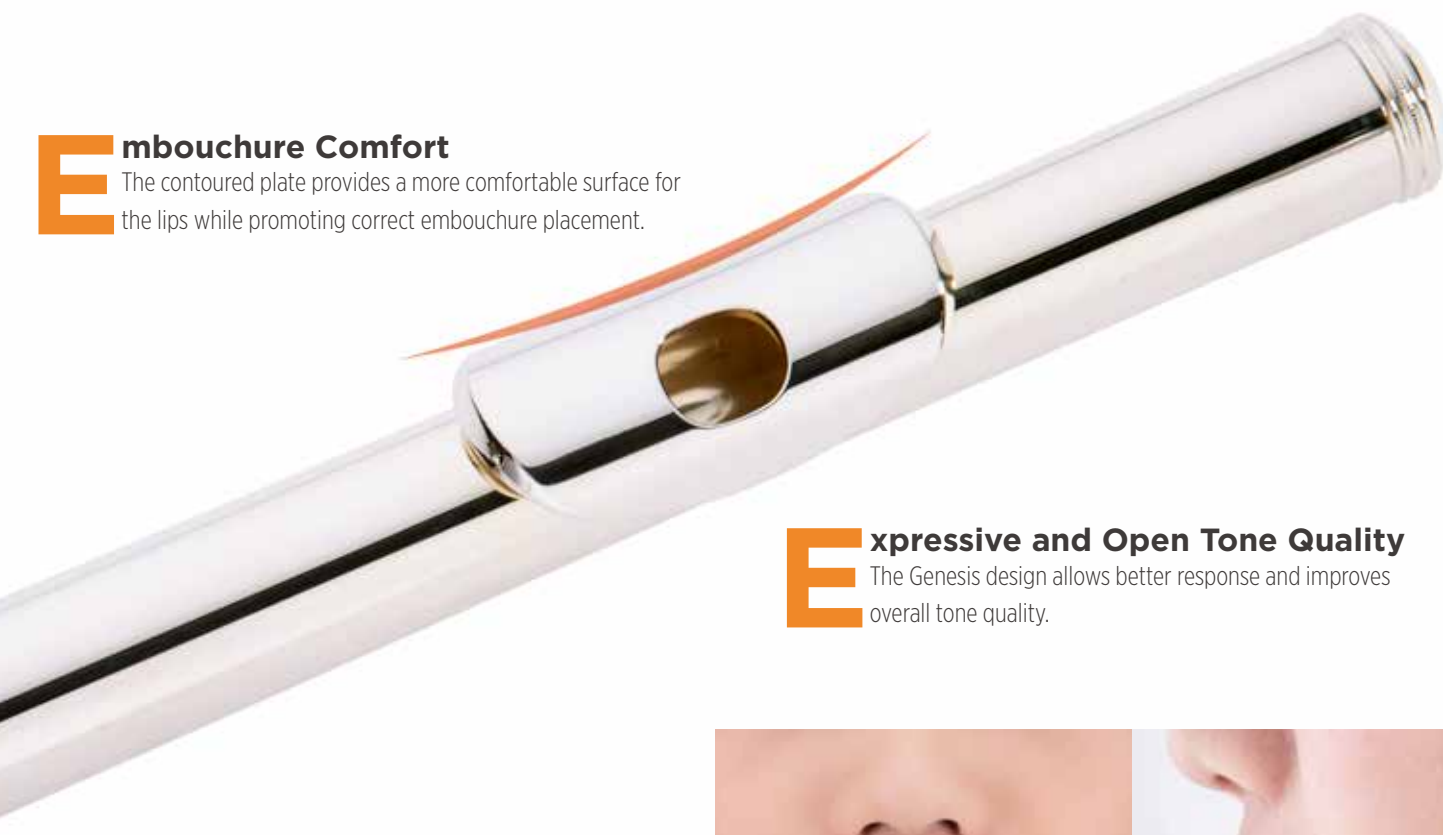

Jupiter Genesis headjoint offers students ease of response and improved tone quality. The enhanced design of the embouchure hole and lip plate facilitate early success and provide a more comfortable playing experience.

## Embouchure Comfort

The contoured plate provides a more comfortable surface for the lips while promoting correct embouchure placement.

## Expressive and Open Tone Quality

The Genesis design allows better response and improves overall tone quality.

## Effortless Response

The 700 series Genesis headjoint features a redesigned riser, resulting in less resistance and improved airflow.

# WAVELINE FLUTES

The innovative Waveline design reduces the distance between the embouchure and keys which enables players to have a natural posture and maintain a straight spinal column while practicing. This improved posture enhances player comfort, facilitating engagement and allowing for longer periods of practice and enjoyment.

## The Waveline Design

Beginning flutists often develop unnatural posture and poor hand position from playing standard length flutes.

reddot design award  
honourable mention 2013

## JUPITER 700 SERIES

JFL700WD

## Sized for Success

The specially designed low D body without trill keys reduces the flute's weight, encouraging students to play longer with less fatigue.

## Sleek Design

A newly shaped C# promotes more natural hand position for easier fingering.

# ERGONOMIC FLUTES

Only Jupiter provides a diverse flute selection for the smaller player, perfect for a variety of applications. Jupiter's unique Assisted Fingering Key system features offset finger buttons to reduce the normal hand spread, making flute playing more comfortable.

## Grows With You

The Custom Extension Kit includes a barrel and headjoint with a sterling silver riser to convert the JFL700WE, JFL700WR, and JFL700WRE into a standard flute.

## WAVELINE FLUTES

MODEL	KEY	HEADJOINT STYLE	BODY MATERIAL	RANGE	KEY STYLE	G KEY	CASE
JFL700WD	C	Waveline	Silver-Plated Nickel Silver	Low D	Assisted Fingering	Offset	Softcase
