

# JUPITER 700 SERIES TRUMPETS

The Jupiter 700 Series Trumpets are unparalleled in both playability and intonation. By integrating state of the art mechanical innovations and stress-free assembly techniques we have produced a superior series of instruments that are easy to play. Jupiter 700 Series Trumpets provide the solid foundation to fulfill your ever-growing love for music.

## Easier To Play

The use of Stress-free assembly processes create an instrument with effortless valve and slide operation enhancing the player's performance, playability and enjoyment.

## Warmer Sound

Rose brass leadpipes provide a dark and centered tone quality that fulfill the performance demands of both the student and the advanced player.
